

**Data Protection Policy
for SARS-CoV-2 Testing**

THE SECURE SOLUTION

The Mission

CENTOGENE is dedicated to providing the highest quality testing to communities around the world amid the COVID-19 Pandemic.

Our mission is to support healthcare professionals with our knowledge expertise and state-of-the-art solutions to diagnose patients at the earliest point possible. To support this mission, CENTOGENE applies the highest levels of security mechanisms – maintaining stringent data privacy measures while delivering time-sensitive answers.

The Patients:

AT THE FOREFRONT OF OUR ACTIONS

- Protection of personal information
- Secured with state-of-the-art data privacy measures
- Transparent communication of privacy guidelines

The Promise:

TO PROTECT YOUR PRIVACY AS IF IT WAS OUR OWN

- Continuously adhering to the highest levels of privacy regulations
- Seamless registration and result overview supported by a secure web-based platform
- Encryption of all stored data
- Ensuring strict user and permission management
- We act in compliance with the current specifications of GDPR, BDSG (Bundesdatenschutzgesetz, German data protection law), and HIPAA

The Product:

IN ACCORDANCE WITH THE HIGHEST INTERNATIONAL STANDARDS

- Compliance with the Internet Privacy Standards according to the German accreditor 'Datenschutz-Cert.'
- Secured & certified SARS-CoV-2 Test Registration Portal
- Processed and stored only in Germany
